Two Minor Explosions Precede  
Big Blast in Nation's Greatest  
War Manufactory—Town of  
10,000 Suffers Greatly.

King and Queen Hurry From  
Rome to Scene—Mussolini  
to Take Charge.

Segni, Italy, Jan. 29 (AP)—From 300 to 400 persons were believed to have been killed and injured today in a series of explosions which blasted one of Italy's greatest munitions factories.

Physically working rescue crews had been unable to dress out nine bodies from the wreckage. It was believed many more would be found when they were able to penetrate the smoldering ruins.

The explosion was blamed officially on the carelessness of a worker who broke a compressed air tube. A communiqué announcing the disaster gave no definite casualty figures but said there were some dead and dozens injured.

Stories of wool used in making high explosives were burning in the cellars and prevented further rescue work.

Two minor explosions occurred at 4 a. m. and 7:50 a. m. before the huge blast at 3:43 a. m. just as the day shift was relieving the night workers.

Segni, a town of 10,000 people, is 15 miles southeast of Rome, situated in a valley surrounded by hills. Many houses were shaken down and virtually all windows in the town were blown out. Merchandise was dumped all over the floors of houses as shelves collapsed.

**King, Queen at Scene**  
King Vittorio Emanuele and Queen Elena hurried from Rome to the scene of the tragedy. They were accompanied by the governor of Rome.

Former Benito Mussolini was expected to take personal charge of the rescue work.

Thirty-nine squadrons of firemen were rushed from Rome and other surrounding towns to fight the blaze started by the blasts which destroyed three small concrete buildings.

Thousands of townspeople watched the fire from a distance, held back by lines of Carabinieri. Debris of the constabulary shielded business houses to prevent looting.

The superintendent of the Lombardo-Piemonte factory built some six years ago to speed Italy's rearmament program told Mussolini the number of casualties would have been much larger had he not ordered the plants evacuated after the first explosion.

The premier visited the scene in mid-afternoon and then walked through the center of the town inspecting the wide-spread damage.

Killed figures set the number of injured at 200 but others who were known to have suffered minor wounds, were not taken to hospitals.

The full story of the disaster was told in the smoking mass of debris which defied the flood of water poured on it by firemen.

The concrete sheds which were destroyed had been built largely underground. These sheds—the explosive section—were separated by low lying hills from other parts of the munitions works.

**By The Associated Press**  
Scores of lives  
Munitions for war that exploded prematurely in peace have claimed scores of lives in five days around the world within a week, including the Segni disaster.

On Monday a Finnish army instructor was killed and five other persons injured by an explosion in an army laboratory outside of Tampere, the first casualties of the week.

Two days later 14 men were killed and 10 injured when two tons of hand grenades were accidentally detonated in a Paris suburb. They had been confiscated in the French Government's smashing of the C. S. R. (secret committee for revolutionary action).

The following day, Thursday, there were two blasts—one on each side of the world. Nine were killed and 36 injured in an explosives factory at Rembang, in the north coast of Java, Dutch Indies. Six persons were killed and a dozen injured at Steinsteden, Scotland.

Two blasts, 10 minutes apart, occurred in the huge Nobel's Explosives Works at Stensviken in a department where workers were handling nitroglycerine. The factory, designed for mass production of high explosives, was only slightly damaged.

Another explosion of the week occurred in the Deep Water, N. J., Dry Works of E. I. duPont de Nemours and Co. who also manufacture munitions. Two workmen were lost last Sunday in the blast that shattered a four-story unit of the works.

## Allison Denies Japanese Version Of Slapping Affair

Washington, Jan. 29 (AP)—An account from John M. Allison, American diplomatic representative at Nanking, of the circumstances under which a Japanese sentry slapped him increased today the friction in United States-Japanese relations.

Allison denied flatly the official Japanese version that he had insulted a Japanese officer. He described the attack Wednesday as unprovoked.

Secretary Hull sent instructions to Ambassador Grew at Tokyo to make representations.

(In international relations, representations are not so strong as an official protest, but sometimes are a prelude to the latter action.)

The account from Allison third secretary of the embassy at Nanking in brief was:

Japanese soldiers forcibly had taken a Chinese woman from the agricultural implement shop at Nanking University an American institution, and attacked her.

**Accompanied Woman**  
Allison and Charles Riggs, an American and a member of the university faculty, accompanied the woman Japanese consular police and gendarmes to the Japanese barracks where she was to be taken to her quarters.

The gendarmes advised Allison and Riggs not to go into the building, but did not tell them they could not. A gendarme and the woman then entered.

Allison and Riggs stepped inside the gate and a Japanese soldier rushed up shouting "back, back."

"I backed up slowly," continued Allison, "but before I had time to get out of the gate he slapped me across the face and then turned and did the same to Mr. Riggs."

When the gendarmes advised that he and Riggs were Americans, Allison said, the soldier "became livid with rage" and was forcibly restrained only after he had torn off Riggs' collar.

"At no time," Allison said, "did either Mr. Riggs or myself touch a Japanese soldier nor did we speak to any except the gendarmes with us."

Shanghai Jan. 29 (AP)—Japanese today restricted the Shanghai areas into which foreigners may go, apparently in an effort to avoid possible new incidents.

A Japanese embassy spokesman announced the regions prohibited to foreigners included Jiangwan, Tazang and Liuhong to the north of the city.

The only areas now open to foreigners in Shanghai other than the International Settlement and the French concession, are the Hungjiao territory and a small strip between Hongkew and the Kiangwan racecourse, but special passes are required even there.

**ARRESTED THREE FOR  
PUBLIC INTOXICATION**  
Friday night the police made three arrests of men on charges of public intoxication. James Morris of Morrisstown, N. Y., and Chester Christiana of Murray street were each sentenced to five days in jail and Isaac Beatty, of East Strand was sentenced to 10 days in jail.

**True Bill for Sealhound**  
Chicago, Jan. 29 (AP)—An earlier trial was in prospect today for John Henry Sealhound reported named in a true bill voted by a federal grand jury charging him with the kidnapping of Charles S. Ross. Eight witnesses were summoned to the jurors' room yesterday. Prosecutors prepared to go to trial within two weeks. U. S. District Attorney Michael L. Igoe said he would ask for the death penalty.

## 19 Ulster Apple Growers Honor, List for Grading

Albany, Jan. 29 (Special)—Fifty-one apple growers, in the Hudson Valley including 19 from Ulster county, won places on the coveted eastern roll of honor for correct grading of their crops. It was announced here today by Agriculture Commissioner Holtz.

The Ulster county growers named are:

William Ambrose Clintondale, H. B. Bell, Milton, W. C. Brewer, Clintondale, John H. Coy, Arden, Conway Brothers, Marlborough, O. C. Dubs, Clintondale, Myron S. Hazen, Milton, J. M. Hurd and M. G. Hurd, Clintondale, J. B. Minard, Clintondale, Yella Suddinger, Wallkill, Sanford Orchards, New Paltz, G. E. Schenck, Wallkill, William Schuyler, Ulster Park, Stanley Orchards, Modena, C. W. Van Duser, Clintondale, W. J. Van Duser, Marlborough, J. Perry Woolsey, Milton.

According to annual custom two honor rolls were established by the Department in connection with the Western New York and Eastern New York meetings of the New York State Horticultural Society. The eastern honor roll was completed at the Kingston meeting of the Horticultural Society, January 26 and 27.

State Federal shipping point inspectors selected packages of apples at random from storage warehouses. The apples were graded and the results compared with the grade markings on the closed packages. Growers whose grade markings corresponded with grades established by Department inspectors were given places on the roll of honor.

**Willing for Changes**  
Washington, Jan. 29 (AP)—Senator Wagner (D-N.Y.) said today he was willing to consider changes in the National Labor Relations Act which he sponsored in Congress. Wagner at the same time defended the labor board which Senator Burke (D-Neb.) has suggested should be investigated for biased administration.

He said the board has done an admirable and constructive job under some very adverse circumstances, he said.

## NYA to Go 'The Limit' In Kingston Because Of Fine Program Here

**State Director Heartily Approves Type of Program Offered in Ulster**

The fine type of program carried on in Kingston and Ulster county in the National Youth Administration work under Clark Leachman and which I am sure will be continued by his successor James A. Lynch has been such that we are willing to go the limit with NYA projects in Ulster county, said Karl D. Hesley, state director of the NYA on Friday afternoon.

Addressing a group of the local committee at a meeting held at the Y. M. C. A.

Mr. Hesley came to Kingston to look over the projects being carried on in Kingston by the local NYA. He was accompanied by Charles Rauhauer, as assistant district supervisor of the Albany area which takes in eight counties including Ulster county, Mrs. Charles Lynch, whose husband is chairman of the National Advisory Committee of the NYA, and Mrs. Elmer Lindley, who is planning to write a book covering the work of the NYA.

**Ladd Presides**  
Harry L. Ladd, vice chairman of the local NYA committee, presided at the meeting held at the Y. M. C. A. after dinner and introduced the members of the local committee to the state director.

James A. Lynch, county supervisor, was also present at the meeting as well as Mrs. Howard Lewis, Mrs. Elmer Lindley, Mrs. William S. Hazen, Mrs. J. M. Hurd, Mrs. J. B. **BEIZ IS ARCHITECT**  
Preliminary Sketches for Building in Albany Awaiting State Department Approval.

A change in the plan for this vocational school building, when it is to be erected as part of the improvement of the city's school system, was voted at a meeting of the Board of Education on Friday evening.

The plan, which was approved by the board, calls for a two-story building, approximately 72 by 80 feet in size, adjacent to the present Manual Art building, instead of a one-story building, of the same size, as originally planned.

The board also authorized the architect to alter the plan to provide for a more compact and better appearing building. The new plan is to erect a two-story building, approximately 72 by 80 feet in size, adjacent to the present Manual Art building, instead of a one-story building, of the same size, as originally planned.

## School Children Deposit \$1,445.13 Weekly in Banks

During the 14 years in which the school savings system has been in effect, pupils at Kingston public schools have deposited over a half million dollars in the banks. Since last September, the average weekly deposits have been \$1,195.13. There is on deposit to the credit of school children of the city the sum of \$103,518.12. Kingston schools stand well up toward the top of the list for the state.

The facts and figures were revealed in the regular monthly report to the board of education Friday evening when Mr. Van Lingen submitted his report.

This report follows: To the Board of Education: Regents and term examinations were held this week in the high school covering 58 subjects. Results of these examinations will be reported to the board when all the papers are reviewed. In the grammar schools, regents examinations were held in all preliminary subjects and grade examinations in all grades from the fourth up. These results will also be submitted later.

I am sure you will be interested in the school savings system which has been in operation in all our schools for about 14 years. During this period there has been deposited \$608,624.28. There is today on deposit in the banks to the credit of the school depositors \$103,518.12.

During the first term of the present school year, there were fifteen days for receiving deposits. The following indicates the dates and the amounts deposited:

September 21 ..... \$ 5,223.40  
September 28 ..... 1,162.16

October 5 ..... \$ 6,385.56

October 11 ..... 1,320.64

October 18 ..... 1,077.89

October 19 ..... 1,225.75

October 26 ..... 1,173.30

November 2 ..... \$ 4,811.58

November 9 ..... 1,028.90

November 16 ..... 1,226.23

November 23 ..... 1,198.61

November 30 ..... 1,095.58

December 7 ..... 1,264.47

December 14 ..... \$ 5,813.79

December 21 ..... 1,418.25

December 28 ..... 930.60

January 4 ..... \$ 2,938.85

January 11 ..... \$ 1,965.70

January 18 ..... 1,051.26

January 25 ..... \$ 3,010.95

January 31 ..... \$ 22,426.72

No. banking days ..... 15

Average ..... \$1,445.13

This is a total of \$22,426.95 or an average of approximately \$1,445.13 per week. It is interesting to notice that the largest sums deposited are the first banking date following the summer vacation and following the holiday season.

This is probably due to the accumulation of summer earnings and holidays presents of money.

During the same period (September to January) last school year, the amount deposited was \$20,187.02—about two thousand less than this year.

Evidently hundreds of children are saving for a future objective and families are encouraging thrift.

Respectfully submitted,  
B. C. VAN LINGEN,  
Superintendent of Schools,

# Speaking Of Operations...

By The AP Feature Service

**HORSE** doctors of another generation sometimes operated on livestock simply by twisting the animal's tail until that twist so much the poor beast didn't care what else happened. Today veterinarians minimize pain in animal operations just as doctors do in human surgery, by use of anesthetics. In fact, animals often provide the laboratory where science tests new drugs to learn whether they are safe to use on persons. Anesthetics and other advances, such as sterilization of instruments by boiling, now save many animal lives where once the only remedy would have been shooting. Here, for example, are some recent achievements in animal surgery:

Wally was born at the Massachusetts S.P.C.A. hospital by what was said to be the first successful Cesarean section ever performed on a monkey.

This metal "restrainer" enables attendants at the Bronx zoo infirmary in New York to administer nose drops for sinus colds in porcupines.

Dr. Otto Strader of the University of Pennsylvania demonstrates the use of his mechanical bone-setting device for mending a horse's broken leg.

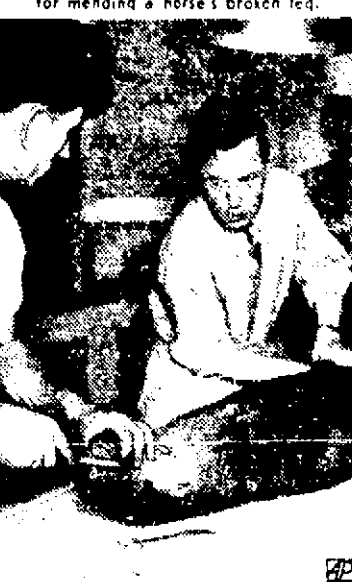

Dr. Charles F. Rannels of Columbus, Ohio, removes a cyst-like obstruction from the nose of Jiggs, 9-year-old chimpanzee of the Columbus zoo.

Dr. Clifford Wagner of Cleveland removes a Boston terrier's tonsil—his 140th tonsillectomy during an epidemic of tonsillitis among Cleveland dogs.

Doctors of the San Diego zoo hospital remove a fish hook from an adult seal brought to the zoo for treatment by the crew of a fishing boat.

Mrs. Zeli Collins, 23, shown with her three-months-old baby boy whom she nursed in the court room, was acquitted by a jury at Williamson, W. Va., of the murder of Mrs. Geraldine Chaffin, 27, alleged "other woman" in her husband's life. Judge C. W. Ferguson criticized the jury severely for bringing in a verdict of not guilty "by reason of temporary insanity," saying it was a miscarriage of justice and against the law and evidence in the case.

## FLASHES OF LIFE SKETCHED IN BRIEF

By ASSOCIATED PRESS

### Tonsorial Divorce

Detroit, Mich.—Mrs. Corinne Baum, seeking a divorce, told Circuit Judge Ira W. Jayne yesterday that her husband, William, tapped the ashes from his cigar December 22, 1929, and said: "I'm going down to the barber shop."

He never returned, she related. They were married in 1917. "Do you suppose he met up with one of those long-winded barbers?" Judge Jayne suggested. "But then, no barber could talk that long," he added. "I call it desertion and grant you a decree."

### Explosive Party

Portland, Ore.—Heavy explosions from the Pleasant View Dairy Farm attracted a large crowd; quickly caused rumors of a "milk war". Investigators found a charivari. A case of dynamite provided the noise.

### Seven Years to Digest

New Martinsville, W. Va.—Doyle Quinn ate the evidence and got—not indigestion, but seven years in state's prison. Arrested on a forgery charge, Quinn chewed the check at a preliminary hearing but the grand jury indicted him. He pleaded

insanity, but a trial jury held him sane.

Judge J. F. Shipman gave him credit on the sentence for two months spent in jail awaiting trial.

### \$100 Per Squirt

San Diego, Calif.—Squirting chemicals at devilfish must stop, ordered Capt. T. J. Smith of the state fish commission, because it kills abalones, lobsters and other shell fish.

Smith explained fishermen used chemicals to drive devilfish from crevices so they could catch them. The next squirt will cost \$100—if Smith catches you.

### THEY MISSED ZUCCA ANU

The numerous inquiries at the Horticultural Society banquet Thursday night for Paul Zucca indicated the hold he had obtained on those who attend the affair. Alderman Zucca and his assistants have furnished the music and led the chorus singing at the horticultural banquets since they started in Kingston and knows how to "stir 'em up." At that, with over 300 guests, seated at tables in three different rooms at the hotel Thursday night, even Paul would have found his job cut out for him.

NOBODY likes tending a furnace. But Niagara Hudson Coke makes it almost fun! It's so light and easy to handle, for one thing. It leaves so few ashes. And it requires less trips to the cellar than any other solid fuel you can buy! That's because this modern coke is a man-made fuel, scientifically processed to give you the most heat per dollar in your furnace or stove. Its special porous structure and higher carbon content mean every piece burns up completely, with no half-burned lumps to sing a song of wasted heat. Phone for a trial ton today. See how quickly coke answers the drafts... how nicely it banks over-night. Find out why 35,000 enthusiastic users believe it's the best fuel they can buy at any price!

## Construction of Ships Would Aid Heavy Industries

In the House yesterday Representative Vinson introduced a bill calling for construction of 47 additional combat ships, 22 auxiliary vessels and 1,000 more airplanes, over a period of years. Introduction of the bill followed submission to Congress of a naval construction program which it is estimated will cost around \$800,000,000 to carry out. Immediate authorization was sought for two more battleships and two cruisers, making 26 warships which would be started this calendar year. But a small part of the \$800,000,000 program would be expended in the 1938-39 calendar year. Funds were also asked for increased army expenditures.

The program if carried out means substantial orders for the products of heavy industries for years to come. Industries concerned with shipbuilding and armament work would profit largely—the makers of armor plate, boilers, projectiles, gun forgings and the like, being among the beneficiaries—while shipyards will face capacity schedules. Six private shipyards are now engaged in naval work for the government. Electric Boat Co., the only private submarine builder in the country, is reported to have orders for eight submarines.

Stocks again eased off yesterday in trading that reached a total of 1,190,000 shares. Industrial issues opened up with an average gain, but closed the day off 0.91, to 129.66; rails lost 0.52 for the day, to close at 27.35 on the Dow-Jones averages; utilities declined 0.17 to 19.15. Government bonds were firm but corporates averaged lower.

Wheat, sugar and hides were steady; cotton, coffee and rubber eased. Copper was cut to ten cents a pound. Prices of copper products were also reduced.

Sears, Roebuck & Co. spring and summer catalogue shows the prices raised to about where they stood before the mid-winter sale reductions. Prices will be higher than quotations last summer.

Illinois Central Railroad reports net operating income for December of \$1,176,210, less than half that of a year ago. Cotton belt makes about the same proportionate showing for the month. Florida East Coast had net of \$95,877, compared with \$283,604 a year ago.

Earnings of E. W. Bliss for 1937 are estimated at around \$500,000, or more than \$1.70 a share, compared with \$543,260 or 99 cents a share in 1936.

Preliminary reports for 1937 of the Du Pont Co. show profit of \$68,031,943, or \$7.29 a share, compared with \$58,884,445, or \$7.56 a share in preceding year. On its investment in common stock of General Motors the Du Pont Co. received during 1937 a total of \$36,672,635, compared with \$44,004,339 received in 1936.

Hercules Powder Co. had net of \$4,440,273 for year ended December 31, compared with \$4,244,164 in preceding year. Youngstown Sheet & Tube earned \$1,696,022 in December 31 quarter, comparing with \$3,719,115 in same quarter a year ago.

## HOME BUREAU

Shandaken.

Shandaken, Jan. 29.—The Home Bureau met at the home of Mrs. P. M. Cleveland on Thursday for its regular monthly business meeting and second lesson on foods. Ten members were present.

Among the events planned for the next few weeks were: Foods and business meeting, February 10, at the home of Mrs. Ned Kelly; February 23, a color and kitchen conference under direction of Miss Brennan, of the state college, at the home of Mrs. R. B. Webster. For March 1, an afternoon tea is planned.

The lessons on pneumonia control are to be studied by those interested. The unit will also support the Apple Blossom Festival in every way possible.

The Home Bureau Library has recently added several new books and has received a traveling library from the state library.

## Lomontville

The third lesson on the Control of Pneumonia in the Home was given by Mrs. Frank Markle at the home of Mrs. L. Brown on Wednesday afternoon, January 26. She spoke on preparing the tray for a sick person and on diets. The diet consisted of 288 items. Then she suggested a book for the community and those present decided that nearly everyone had all the equipment a loan closet contained and they were all willing to continue lending what they had to those who did not have. Then she spoke of messengers to deliver the spirit after a doctor was called and Mrs. Charles L. Allen and Miss Bertha S. Miller volunteered to act as messengers whenever called upon. Those present were Mrs. Jennie Markle, Mrs. Kohler, Mrs. L. Brown, Mrs. Olive Bennett, Mrs. Vaughn, Mrs. Charles Pratt, Mrs. Otto Kern, Mrs. Frank Markle, Mrs. Charles L. Allen, Mrs. A. H. Gillespie, Mrs. Ray LeFever, Mrs. Bertha S. Miller and Miss Blanche Fox.

## Kingston Unit

Kingston Unit of Ulster County Home Bureau held a regular meeting on Thursday afternoon at the home of Mrs. Harry Yale, the topic of the day being, "Foods," of which Mrs. Yale is the permanent leader. The particular branch of the subject discussed was a afternoon refreshments. Recipes from printed sheets sent out by college were discussed, and members exchanged favorite recipes with each other.

There was also a discussion of the subjects desired by the Unit in next year's program, it being the consensus of opinion that further study of foods would be desirable.

Those present were Mrs. Charles Seligman, Mrs. Willys N. Ryder, Mrs. A. L. Berwin, Mrs. T. Vernon, Mrs. E. W. Gleason, Mrs. Edward Kelly, Mrs. Margaret Bertrand, Mrs. William Buddenhagen, Mrs. J. C. Fraser, Mrs. A. W. Hollister, Mrs. Harry Yale, and Mrs. Clyde Hutton.

The next meeting, scheduled for Tuesday afternoon, February 1, will be held at the home of Mrs. Seligman in West Hurley, if the weather is favorable. If not, Mrs. Buddenhagen will entertain the group at her home in Port Ewen. The topic of the day will be Home Decoration. Refreshments will be served and a pleasant time is assured those who attend.

## Installing Signal System for Police

Last year the police board of the city entered into a contract with the New York Telephone Co. to install a new police signal system to replace the present system, which has been installed and in use for 15 years. The old system would cost too much to repair.

The new system is now being installed by the telephone company. With the installation of the new system the old call bells will be eliminated and only signal lights used.

## SEA CAPTAIN'S STORY

OF AURORA BOREALIS

New York, Jan. 29 (AP)—Commander Fritz Kruse, master of the Hamburg American liner New York, said today he would report to meteorologists here and in Germany on sighting of the aurora borealis at sea last Tuesday, the first he had seen in 49 years in North Atlantic service.

The liner docked last night, 16 hours late because of fog, headwinds and high seas.

"We saw the northern lights from about 7:30 p. m. until about 10 o'clock," he said. "We even saw them to the south of us. The colors changed continually from red to blue, green and white."

"The air was filled with electricity, so that it was impossible for us to communicate by radio with the Bremen. The sea was calm most of the time and had a reddish appearance. There was no moon that night but because of these lights there was more brilliance on the sea than on any moonlight night."

There was no appearance of the complainant in the action against Alvin J. Busch, hearing of which was to have been held before Justice Clyde Baxter of Rosendale last night.

Busch was arrested by Kingston police yesterday on a warrant charging disorderly conduct and assault. His arrest followed a disturbance at the Trolley Car Inn, Rosendale, Heights, Thursday night, at which time it was alleged he had cut Mrs. Edna Crum.

## Jordan Transferred

A. S. Jordan, who has been local manager for the Holland Furnace Company for some time, has been transferred to Winchester, Va., and W. F. Archibald has been transferred to Kingston territory from Gary, Ind., where he has been connected with the company for several years.

Archibald will have his office in his residence at 203 Washington avenue.

American Bobbers Hurt

Garmisch, Germany, Jan. 29 (AP)—An American four-man bobbed crashed over Bayern creek today, on the first run of the world bobbed championship of the international winter sports events here. Members of the crew suffered minor bruises and were taken to a hospital. They are Donna Fox, James Backford, W. Dupree, and Cippy Gray. Fox's spine slightly injured, was advised to stay at the hospital for a few days, but the others were released.

Panic, Perilous to Pan

Panic is defined as: "Of or pertaining to Pan." In mythology Pan was the god of shepherds and herdsmen, of groves and fields, and of rural life generally. He was said to be the son of Mercury and Dryope. His favorite residence was in the woods and mountains of Arcadia, where he was frequently heard playing on his pipe or flute of seven reeds, called a syrinx. It was fabled that this pipe was a metamorphosis of a nymph named Syrinx, whom he had loved. His pride in this invention led him into an unlucky contest with Apollo. His festivals were introduced by Evander among the Romans, and by them called Lupercalia. Goats, honey, and milk were the usual offerings to Pan. Like other gods who dwell in forests, he was dreaded by travelers, to whom he sometimes appeared, and whom he startled by his uncanny presence. Hence sudden fright, without any visible cause, was ascribed to Pan and was called a panic.

Best All-Around Weeklies

Syracuse, N. Y., Jan. 29 (AP)—The Syracuse Inquirer and the Cobleskill Times were adjudged today the "best all-around" weekly newspapers in New York state. The judging took place at the 66th annual meeting of the New York Press Association. The Inquirer, owned by the Scarsdale Women's Club, was adjudged the "best all-around newspaper" in the "major center" qualification. The Cobleskill Times, published by C. L. Rier, was chosen in the smaller community field.

CONNEGLIO RECKLESS

DRIVING CASE ADJOURNED

A hearing scheduled for last night before Justice John Watzka in the case of Benjamin Conneiglio of Port Ewen, charged with reckless driving, was adjourned one week, to Friday night, February 5. Conneiglio is represented by Roscoe V. Elworth.

Conneiglio was arrested by Trooper Reilly following a collision on East Kingston hill January 4, in which his car was in collision with a car driven by Melvin Lierens of Sandown. The accident was investigated by Deputy Sheriff McCullough.

## 133 New Students Register at High School for Study

Superintendent B. C. Van Ingen said this noon that today there had been 133 new pupils registered for enrollment in the Kingston High School as a result of the recent graduation exercises of the grade schools in the city and county. In the city there are 100 boys and girls from the grammar schools who registered today for high school. Of that number 46 were boys and 54 were girls. Non-resident boys who registered were 14 and non-resident girls were 19, bringing the total registration to 133.

This number may be slightly increased next week.

The group that registered this morning will report Monday at the high school.

## Approves Social Hygiene Day Here

Calling upon all residents of Kingston to join in the observance of Second National Social Hygiene Day, which will be held on February 2, Mayor Heiselman has announced that he will issue a proclamation officially designating Wednesday, February 2, as the day upon which to focus public attention on the disease syphilis, and to plan for its conquest as "the next great plague to go."

Making this announcement Mayor Heiselman said, "In syphilis we have a disease more prevalent than scarlet fever, twice as common as tuberculosis, a hundred times more frequent than infantile paralysis; a disease which accounts for 15 per cent of all blindness, 15 per cent of all diseases of the heart and blood vessels, and 10 per cent of all insanity in this country today."

"It also accounts for many still births and for the deaths of a large number of infants in their first year of life."

"Kingston has provided for the diagnosis and treatment of syphilis. Our private physicians and hospitals and clinics stand ready to do the job. Public support is needed, public acceptance of the problem as its own will go far to rid Kingston as well as the whole country of this malady which threatens not only the youth of America but every man and woman who desires a healthy, happy and secure home in which to bring up a family."

Marlborough, Jan. 29.—Robert J. Fogarty, of Poughkeepsie, died Sunday evening in his home in Poughkeepsie following a long illness. He was in his 71st year.

Mr. Fogarty was born in Poughkeepsie the son of the late Daniel and Mary Walton Fogarty and had been a lifelong resident of that city. He was employed for years in the store of the late Irving Parrott, but retired several years ago. Surviving Mr. Fogarty are two sons, John Fogarty, manager of the Postal Telegraph office and Robert S. Fogarty, four grandchildren, two sisters, Mrs. James McGowan, of Marlborough, and Mrs. William Hopkins, of Waterbury, Conn. Funeral services were held on Wednesday from his late home at 9:30 and at 10 o'clock in St. Peter's Church, Poughkeepsie, a high Mass of requiem was celebrated. Burial was in St. Peter's Cemetery, Poughkeepsie, under the direction of William G. Miller.

Birthday Balls

## The Nation Over

Tonight the President's Birthday Ball arranged by the committee of Kingston men and women will be staged at the Clinton Ford Pavilion in Rosendale. The committee, headed by Ray Garrahan, is also sponsoring the ball to be held this evening at Shanley's Hall in Napanoch.

Half of the money raised through these two balls will be available for use in Ulster county and the other half will be sent to the Warm Spring Foundation.

Balls and parties will be held in every section of the United States tonight and the money so raised will be used in the fight against infantile paralysis.

New York, Jan. 29 (AP)—President Roosevelt's fifty-sixth birthday will be celebrated throughout the nation tonight at more than 15,000 charity affairs, ranging from noodle suppers and church socials in small towns to glittering parties in big city ball rooms.

Returns from preliminary celebrations already held were described as "very encouraging" by the newly organized National Foundation for Infantile Paralysis, which will handle all funds raised to combat the disease.

While no goals or quotas have been set, officers of the foundation pointed out that nearly four times as many celebrations will be held this year as last year, when \$1,100,000 was raised.

Since 1924, when the first of the nationwide birthday parties were held, a total of \$5,400,000 has been realized. Until this year, however, the affairs were confined to dances.

Tonight, the celebrants will have free rein in their choice of festivities. There will be barbecues, rodeos, and sports events, as well as dances.

## OFFICE CAT

By J. J. Burns

It is especially advisable to observe as days of rest those Sundays when the highways are covered with ice.

There's nothing like life in a trailer these spiffy days. Just imagine the trailer wife who borrowed a cup of sugar in Indiana, Virginia, milked a cow in Maryland, and baked a cake in Pennsylvania.

Her husband ate the cake in New Jersey, got indigestion in New York and went to the hospital in Boston.

Before a man can get married these days he has to show his girl two licenses—marriage and motor car.

A man got a job polishing motor car bodies. During the first week he was taught to polish with his right hand only. The second week he was made to use the left hand only.

Next week he was to use both hands simultaneously. At the end of the third week the foreman said to him: "Easy, isn't it?"

"Yes," said the new employee with a tired grin. "and if you'll just fix a broom in my pants, I'll sweep the floor at the same time!"

If there is anything worse than being driven to drink, it is driving while drunk.

It is claimed the visible supply of petroleum is only sufficient to supply this country about 15 years. And nothing is being done about it. Won't we miss our joy rides when the oil wells run dry?

Mrs.—Oh, did I tell you my husband bought me a new car?  
Friend—But, my dear, I didn't know you could drive.

Mrs.—Well, I drove him into buying it.

We agree that the number of traffic accidents is appalling. But this could be a much worse world. Suppose that somebody hadn't invented traffic lights.

Read it or not:  
The Province of Manitoba, in Canada, is selling automobile license plates on the installment plan.

Patrick—Who is that letter from?  
Elizabeth—What do you want to know for?  
Patrick—There you are! What do I want to know for? You're the most inquisitive person I ever met.

It takes courage to push your luck, and intelligence to know when to stop.

Jacob—I really have a great sense of humor, for every time I see something funny I have to laugh.

Edith—You must have a tough time shaving.

Barber (as he lathered his customer's face)—No, sir, I used to give credit, but nobody asks for it now.

Customer—Oh, why is that?  
Barber—Well, I got tired of keeping books, so whenever a man asked for credit I used to put a little tick in his nose with the razor and kept tally that way. Nowadays they all seem to be paying on the nail.

Customer (Adopting a superior air and then feeling in his pocket)—I suppose you have no being paid in advance.

## HOLLYWOOD Sights and Sounds

By ROBBIN COONS

HOLLYWOOD — Their names seldom go up on the marquee, but in every picture they—or actors like them—contribute to the film-goer's entertainment.

Some draw large salaries and are eagerly sought for supporting parts.

They belong to the little army of "character actors"—and frequently "steal" scenes from the stars.

But how well do you really know them? Can you supply the names of these typical "characters" without peeking at the answers below?

1. He's "that funny little fellow" to millions. Once he appeared with Mary Pickford—and many other stars—on the Broadway stage. He's of French-English descent, born in London, and his first picture-making (silent) was done in Brooklyn.

2. In pictures she looks this way infrequently. She's a stage star, and a prominently featured player in pictures. Last year, in a film that was an artistic success and a financial failure, she had the leading feminine role.

Answers  
1. Etienne Girardot ("The Great Garrick").  
2. Benita Bondi ("Make Way for Tomorrow").

## ENROLLMENT PERIOD AT THE MORAN SCHOOL

Students are now enrolling for the mid-winter term of the Moran School of Business, Burgevin Building, corner Fair and Main streets.

Entrance is possible on any school day, preferably on Monday. Students interested in night school may enter on Tuesday or Thursday evening. Special arrangements as to hours and fees are made for those who cannot follow the regular schedule. Part-time programs—morning, afternoon, or evening—will be arranged to include one or more business subjects. Full credit is allowed for training received in other schools.

Last year the police board of the city entered into a contract with the New York Telephone Co. to install a new police signal system to replace the present system, which has been installed and in use for 15 years. The old system would cost too much to repair.

## WOODSTOCK LEVEL CLUB BANQUET AT ASHOKAN

Woodstock, Jan. 29.—Members of the Woodstock Level Club and their wives, with a few friends from Ashokan and Woodstock, enjoyed a turkey dinner and evening of dancing at Carlson's in Ashokan on Wednesday night.

The occasion was the 10th anniversary of the organizing of the Level Club. The dancing and the delicious dinner combined to make it the most successful anniversary celebration the organization has ever held.

On Thursday evening the ladies of the Level Club elected officers for this year. Mrs. Hestey, former president, was replaced by Mrs. H. Dock, and the vice president, Mrs. Dock, was replaced by Mrs. Elizabeth Clough. Mrs. Mervin Doremus was re-elected chaplain. Mrs. Frank Bradley as treasurer, and Mrs. M. Greenwood as secretary. Four new members were admitted. Mrs. Nan Ness, Mrs. Peters and Mrs. Braendley.

It is especially advisable to observe as days of rest those Sundays when the highways are covered with ice.

There's nothing like life in a trailer these spiffy days. Just imagine the trailer wife who borrowed a cup of sugar in Indiana, Virginia, milked a cow in Maryland, and baked a cake in Pennsylvania.

Her husband ate the cake in New Jersey, got indigestion in New York and went to the hospital in Boston.

Before a man can get married these days he has to show his girl two licenses—marriage and motor car.

A man got a job polishing motor car bodies. During the first week he was taught to polish with his right hand only. The second week he was made to use the left hand only.

Next week he was to use both hands simultaneously.

At the end of the third week the foreman said to him: "Easy, isn't it?"

"Yes," said the new employee with a tired grin, "and if you'll just fix a broom in my pants, I'll sweep the floor at the same time!"

If there is anything worse than being driven to drink, it is driving while drunk.

It is claimed the visible supply of petroleum is only sufficient to supply this country about 15 years. And nothing is being done about it. Won't we miss our joy rides when the oil wells run dry?

Mrs.—Oh, did I tell you my husband bought me a new car?

Friend—But, my dear, I didn't know you could drive.

Mrs.—Well, I drove him into buying it.

We agree that the number of traffic accidents is appalling. But this could be a much worse world. Suppose that somebody hadn't invented traffic lights.

Read it or not:

The Province of Manitoba, in Canada, is selling automobile license plates on the installment plan.

Patrick—Who is that letter from?

Elizabeth—What do you want to know for?

Patrick—There you are! What do I want to know for? You're the most inquisitive person I ever met.

It takes courage to push your luck, and intelligence to know when to stop.

Jacob—I really have a great sense of humor, for every time I see something funny I have to laugh.

Edith—You must have a tough time shaving.

Barber (as he lathered his customer's face)—No, sir, I used to give credit, but nobody asks for it now.

Customer—Oh, why is that?

Barber—Well, I got tired of keeping books, so whenever a man asked for credit I used to put a little nick in his nose with the razor and kept tally that way. Nowadays they all seem to prefer paying on the nail.

Customer (fidgeting in his chair and then feeling in his pocket)—I suppose you have no objections to being paid in advance?

The children always know when there is company downstairs—they can hear mother laughing at father's jokes.

All we ask of the world is our deserts, but we don't want anybody deciding what we deserve.

## HOLLYWOOD Sights and Sounds

By ROBBIN COONS

HOLLYWOOD — Their names seldom go up on the marquees, but in every picture they—or actors like them—contribute to the film-goer's entertainment.

Some draw large salaries and are eagerly sought for supporting casts.

They belong to the little army of "character actors"—and frequently "steal" scenes from the stars. But how well do you really know them? Can you supply the names of these typical "characters" without peeking at the answers below?

Brooklyn, are spending a few days at their home.

James Sheeley visited his mother, Mrs. Sarah Sheeley, and sister in Kingston on Sunday.

## To Be Spring Bride

The engagement of Miss Dorothy H. Anderson, daughter of Mr. and Mrs. Fred L. Anderson of 412 Albany avenue, has been announced by her parents. She will become the bride of Hugo J. Schroeder of 61 Grant street, this city. The wedding will take place in the spring.

### Kurtzweg-Joy

Miss Laura Joy of Sackville, and Winfred A. Kurtzweg, of Washington, D. C., were married Thursday afternoon at 2 o'clock at the parsonage of the Albany Avenue Baptist Church in the presence of a few members of the immediate families. The pastor, the Rev. Arthur S. Cole, performed the ceremony. The couple were attended by Miss Marjorie Short of Bensenville and Francis Joy, a brother of the bride. The groom is connected with the United States Navy. Mr. and Mrs. Kurtzweg will reside in Washington.

### Ladies' Aid Meeting

The Ladies' Aid of the First Reformed Church will hold its monthly meeting Wednesday, February 2, at 3 o'clock, at the home of Mrs. William J. Cranston, 75 Clinton avenue. Hostesses will be Mrs. Cranston and Mrs. Benson Miller.

### Guild of St. Anne Meeting

The Guild of St. Anne of the Church of the Holy Cross met Tuesday afternoon of this week in the parish home, with a large attendance. Plans were made for a parish social to be held on February 10, at 8 o'clock. The Guild will meet again in the parish house on February 1.

### Trinity Oyster Supper

At Trinity M. E. Church, one of the faithful social occasions of the year is the annual oyster supper, under the auspices of the Trinity Brotherhood and Young Women's World Friendship Club. The supper this year will be held on Tuesday evening, February 15. As usual the oysters will be brought directly from the shore, and will be served in a variety of tasty dishes. Baked Virginia ham with all the fixings will also be on the menu. Special orders for children, or those who do not desire the entire supper, will be received. Homemade pies will be served as dessert. The dining room will be open from 5:30 p. m. until all are served.

### Celebrated Seventh Birthday

Eloise Kathryn Weil, daughter of Mr. and Mrs. George Weil, of 28 Livingston street, celebrated her seventh birthday recently with a party at her home. Her guests were Audrey Werner, Gladys Knapp, Inez Kirschner, Helen Gray, Dolores Schryver, Natalie Murray, Patsy Gorman, Alvina Davis and Robert Charles and Victor Weil.

### Martin-Storms

Mrs. Mary Storms of Ellenville and Wilbur Martin of Lackawack were married at Eureka Saturday afternoon, January 22, by the Rev. J. Milton Harris. Lelia Sechrist and Elliott H. ## K. of C. Charity Ball Groups Busy

All committees in charge of arrangements for the coming Knights of Columbus Charity Ball, which is to be held at the municipal auditorium on February 25, have been working very industrially for a month in order to make this function the crowning social event of the pre-lenten season.

At present Walter Foster and Grand Knight Murphy and their committees are sparing no effort to procure the most elaborate and talented performers ever displayed in this vicinity. With this in view they have been in contact with Consolidated Radio Artists of New York city and expect to definitely announce the music and entertainment for the Charity Ball the early part of the forthcoming week.

Allan A. Baker, chairman of the patron ticket committee, reports that the advance sale of tickets, both patron and otherwise, has been excellent to date.

### Sails With Panda.

Shanghai, Jan. 29 (AP)—Mrs. W. H. Harkness, Jr., with a baby panda caught near the Tibetan border, sailed for Seattle today on the Empress of Russia. The rare, bear-like animal, is destined for the Chicago Zoo. Another Seattle-bound passenger was Jim Marshall, Collier's Asiatic writer, who was wounded in the Pansy bombing.

106 Students Graduated

Freeman Photo

Friday afternoon was a big day in the lives of 106 students of the city's grammar schools when they were assembled on the stage in the auditorium of the Kingston High School at the sixtieth commencement exercises, and were awarded their diplomas. Alfred Schmid, president of the board of education, presented the pupils with their diplomas, and an interesting and attractive program was rendered by members from the various schools in the city.

Vocational School Plan Is Changed

(Continued from Page One)

The committee, reported that the electrical contractor, plumbing contractor and heating contractor were ready to proceed at once as able.

Mr. King has secured the board that all local labor will be used, except in such cases as local labor cannot be supplied for some jobs.

Another change for economy was recommended by the building committee after conference with the Central Hudson Gas & Electric Corporation. The original plan called for a separate power line running to the new building from O'Reilly street. This would make necessary a separate meter for the new building. Under the new plan the building will be connected to the existing system of the Central Hudson Gas & Electric Corporation.

Mr. Feeney reported that the building committee had also asked for estimates for painting the basement rooms of schools 2, 3 and 7. The board will supply the paint and the WPA will do the work. This matter was deferred until a definite figure was received as to the amount of paint necessary. If the cost is not excessive the work will be completed.

It was also reported that the Johnson Heating Company had been awarded the contract for heating and ventilating the new Central School at a cost of \$24,150. The original bid was \$24,700, but through the dip in price of some equipment and taking advantage of certain alternate equipment the price was dropped to a lower figure. Installation of hand fired boilers over oil resulted in an installation cost decrease of \$2,200.

The matter of installation of New York Telephone Company phone system in the new Central School instead of an independent system was discussed. If an independent system is placed throughout the building the installation cost will be more, but there will be a lower monthly cost. If the New York Telephone Company installs its system there will be a lower initial cost but the monthly bills will be greater. The matter was referred to the Supplies Committee for investigation.

Commencement Plans  
President Schmid was authorized to make all arrangements for the commencement exercises for the high and grammar school commencement exercises in June.

Superintendent Van Ingen reported that he did not have figures as to the next term but said indications were that entrance to the high school apparently would not demand the hiring of extra quarters. A room in the Manual Arts building can be made available for a few students if necessary. When it appeared as Central Hudson Gas & Electric though there might be a large

Suggested Apple Blossom Festival At Dinner in 1937

As horticulturists and their friends from all parts of New York state return to Kingston year after year for the annual eastern meeting of the State Horticultural Society, the affair, particularly the banquet held each year, takes more and more of the nature of an "Old Home Week" gathering. Among those who seem to appreciate this opportunity of foregathering with old friends is Percy Morse of New York city.

Mr. Morse was among those called upon to speak at the banquet last year and he it was who suggested an apple blossom festival, sponsored by Hudson Valley fruit growers, as one of the means of advertising apples from this section.

Mr. Morse is an old friend of Philip Elting, Ulster county Republican leader and also of Halloran H. Brown, prominent Monsey, fruit grower and president of the State Horticultural Society last year. The three men held a pleasant reunion at the annual gathering at the Governor Clinton Hotel Thursday night.

Incidentally, Mr. Morse, who is vice president of the Addressograph-Multigraph Co., made a night journey from Cleveland, O., where he had been on business connected with the company, in order to come to Kingston for the banquet Thursday night.

ARDONIA.  
Ardonia, Jan. 29.—Local members of the Platekill Grange attended the regular meeting Thursday evening. Lecturer's hour consisted of an interesting talk on Friendship, by the Rev. Mr. Naple, a skit presented by Mr. and Mrs. Wilson Edmonds. Mrs. Arthur Diener, a reading, "The House by the Side of the Road" by Mrs. George Eckert. Officers responded when the worthy lecturer Mrs. Burton Ward asked them what characteristics they would look for in a friend.

The next dance at the Platekill Grange Hall will take place Friday evening, February 13. Members of the Ladies' Aid Society of the M. E. Church will sponsor a portion supper at the Community Hall Wednesday evening, February 16, at 6 o'clock. A very pleasing menu has been arranged by the committee in charge. "The Ironing Board Minstrels" will be presented and a silver collection taken.

SOUTH RONDOUT  
South Rondout, Jan. 29.—Mrs. A. Benz spent Thursday afternoon at the home of Mrs. L. Prosser of Kingston.

Allan White, who has been spending some time at the home of his sister, Mrs. James Wesley, has returned to New York city.

Services in the M. E. Church for Sunday—Sunday school, 9:45 a. m. Morning worship, 10:45 a. m. Evening service, 7:30 p. m., the Rev. Chandler, pastor.

Mr. and Mrs. A. Benz spent Saturday at the home of Mr. and Mrs. William Webster, of Port Ewen. Mrs. G. E. Cole has been ill for the last week.

Tearing Up Old Trolley Rails

The WPA on Friday placed a group of men at work on St. James street tearing up the old trolley rails in that street. Some time ago the city submitted the removal of the old trolley rails from the streets as a WPA project, and it had been approved only recently.

When the trolley road was abandoned and the bus lines substituted, no attempt was made to take up the roadbed and when a street was repaired the old rails were covered up with the street material used.

With constant traffic over the streets the pavement has worn away exposing the rails. The old rails will be sold for junk by the city.

Henry Olsen bid \$546 and a second bid for lighter fence of \$488.

Present at the meeting were Trustees Cragan, Feeney, Walter, Katz, Lane and President Schmid.

George W. Nichols, of Binnewater, submitted three bids. One for \$279.50, a second for \$335 and an alternate bid for \$295.

Cyclone Fence Company bid \$488.
